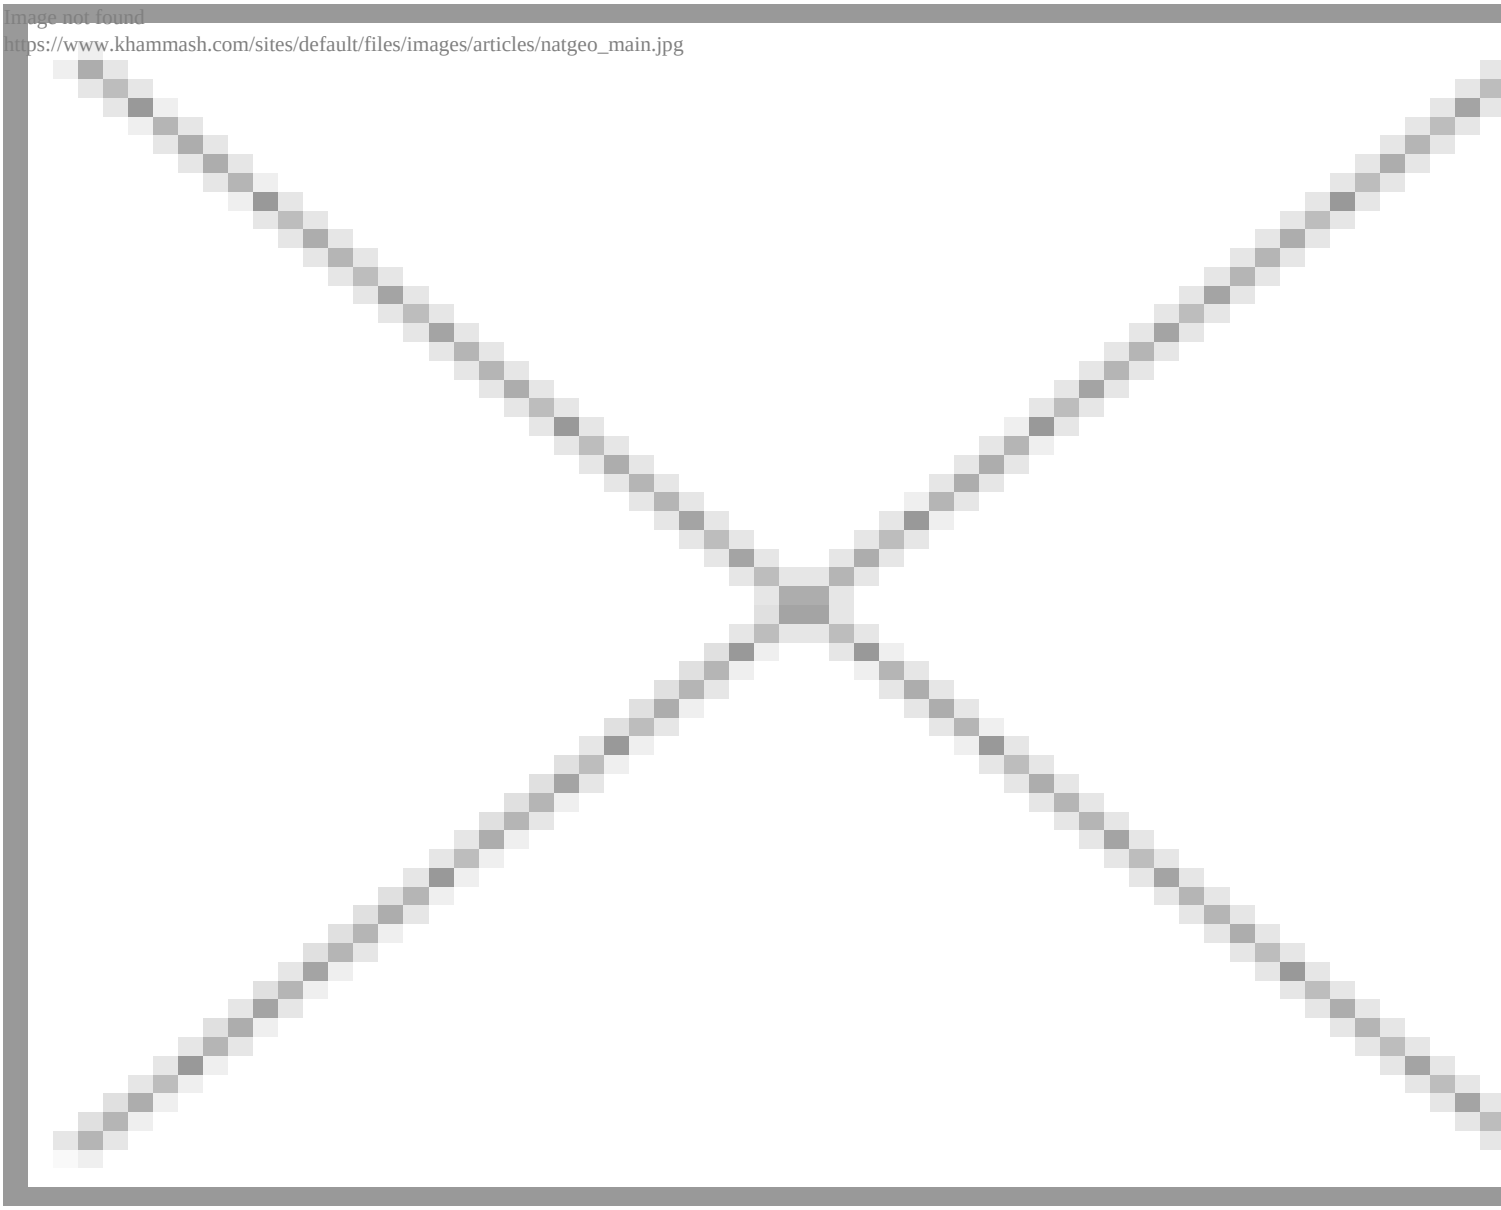
By Khammash Architects - May 2013



National Geographic Traveler Magazine has announced, last May, the 2013 list of top 25 eco-lodges in the world. Feynan Eco-lodge was also selected, in 2009, by the National Geographic Adventure Magazine as one of the top 50 eco-lodges [1] in the world and one of the top desert retreats. It is one of only 5 lodges in the world to be included in both the 2009 and the 2013 lists.
